

Lives of Penn State Health St. Joseph Donors Mirror Hospital's Core Values

Ray and Carle Neag's recent gift of \$2 million helped St. Joseph purchase a da Vinci Xi® robot that can be used to perform surgeries that are less invasive and quicker, requiring less healing time and less medication to deal with pain.

Read how the Neag's gift will improve the hospital's core values.

Getting to Know Our Services

Diabetic Licensed Shoe Fitter

For most people, an ingrown toenail or small cut on the foot is nothing to be alarmed about. For a diabetic patient, however, a cut or ingrown nail can be the beginning of a much greater problem. Penn State Health St. Joseph's Berks Medical Equipment now offers the services of a licensed fitter to assist diabetic patients with getting a specially fitted shoe that will protect their feet while providing comfort and stability.

SAFETY TIPS

Always **CHECK CANDY** before letting your child eat it. Avoid homemade treats made by strangers.

Make sure your children's costumes are properly sized to **AVOID FALLS AND TRIPPING**.

Have children wear **REFLECTIVE MARKINGS** or carry a **FLASHLIGHT** so they can be seen.

Always **ACCOMPANY YOUR YOUNG CHILDREN** when they are trick or treating.

Use **NON-TOXIC MAKE-UP** on your child instead of a mask so vision is not limited.

Keep kids on a sidewalk or path and don't let them dash across the street or to the next house. Always walk together and cross at a street corner.
